Remarks — The Rooms occupied by the Soldiers are in very bad order owing to the number crowded in each Room Racks to contain the Arms & hang the Knapsacks would contribute very much to the convenience and appearance of the Rooms — there appears an inconvenience to arise from placing the Guard in the same Room with the prisoners who are confined for Desertion as some of those prisoners have not a change of Clothing —

With Respect to the Hospital Department it is in the highest State of Cleanliness and good Order the Rooms, the Men, the Kitchen and every thing belonging to it bespeak great attention & Order
